The Baldwin County Commission shall offer collection and disposal services as described in the agreement for all residences located within the corporate limits of the Town (the "Service Area"). The corporate limits of the Town may be expanded or otherwise altered during the term of the Agreement and the number of customers shall be counted and adjusted immediately based on the annexation.

SECTION 4. Equipment of Collector

The Baldwin County Commission shall utilize packer trucks or other collection vehicles for the collection and disposal of solid waste. Vehicles utilized by the Collector shall be so covered, secured or sealed that there will be no loss during haulage to cause littering of streets and highways, or cause a nuisance or hazard to the public health. The Collector shall utilize an adequate number of collection vehicles based on the number of customers and volume of solid waste. All vehicles utilized by the Collector shall be maintained in a safe and clean operating condition, and the Town, at its convenience and upon request, may inspect such vehicles from time to time, but not more often than six (6) month intervals. The collection containers provided by the Collector shall be maintained by the Collector in good repair.

SECTION 5. Frequency of Collection

A. Residential garbage and rubbish shall be collected once a week on Thursdays.

B. Bulk refuse, trash and other solid waste not within the definition of garbage or rubbish may be collected on such occasions or at such intervals as may be agreed on by the Collector and Town.

C. The Collector will observe Thanksgiving Day, Christmas Day and New Years Day as holidays. Should one of these holidays fall on a Thursday, the following Saturday will be the pick-up day.

D. The Collector shall begin and complete scheduled collection of garbage and rubbish as early as practical, but in no event shall any collection of solid waste in residential areas begin earlier than 6:00 a.m. Collection containers must be placed at a pickup point not later than 6:00 a.m. on the scheduled day of pickup. Collection containers provided by the Collector shall be equipped so that the contents will not fall out. The Collector may refuse to collect containers which violate these conditions. The volume of waste at each residence should be limited to that of a 96-gallon cart. All waste must be placed in the cart. Additional carts (if needed) will be furnished to residents by the Collector and billed by the Town.

E. Solid waste for removal by the Collector shall be placed on the street side in front of the residential or non-residential property or as otherwise established by the Town.

SECTION 6. Compliance with Collection and Disposal Laws and Regulations

The Collector shall dispose of all garbage, rubbish and other solid waste collected in accordance with all applicable Federal, State, County and Municipal laws, ordinances, rules and regulations. Specifically, but without limitation, such waste shall be disposed of at the Baldwin County Landfill. The Collector shall indemnify and hold the Town, its officers, agents, servants and employees harmless from any and all claims or demands of whatever kind or character arising directly or indirectly, proximately or remotely, from the actions of the Collector related to the collection or disposal of garbage, rubbish or other solid waste by the Collector.

SECTION 7. Collection of Trash and Bulk Refuse Not Required

The Collector shall not be required to collect trash or bulk refuse as defined hereunder, but the Collector may contract with Town customers for "special services" as defined in Baldwin County Commission Resolution 96-21 for Solid Waste "to collect trash or bulk refuse or both upon such occasions or with such frequency as they may mutually agree." So long as the Collector collects residential trash in the Town, the Collector shall not solicit or contract for collection of residential trash without advising of the availability of residential trash collection without charge by the Town.

The Town reserves the right to impose maximum rates for the collection and disposal of trash or bulk refuse, or both, or to otherwise impose additional regulations regarding trash or bulk refuse, or both, hereinafter, if it determines that such additional regulation is in the public interest.

Subject to the provisions of Section 13 of this Agreement, the refusal of the Town at any time to grant a rate adjustment or temporary rate adjustment for the collection and disposal of trash or bulk refuse pursuant to this Section 7 shall not excuse the Collector from the performance of its obligations hereunder, it being a condition of the Agreement that the Town, in its discretion, may reject a rate increase, even though it is deemed necessary by the Collector.

SECTION 8. Recycling

At such time as the Collector establishes its Recycling Program, the Collector and the Town may enter into an Agreement for recycling.

SECTION 9. Cause for Cancellation

The Town shall have the right to cancel this Agreement for cause, including, without limitation, insufficiency or irregularity of services, financial irregularities, violation of governmental law, ordinance, rule or regulation, or other misfeasance, malfeasance, or nonfeasance in the provision of services under this Agreement or breach of the terms and conditions herein. In the event the Town believes cause for termination exists, it will give written notice to the Collector of the basis on which it believes cause for termination exists and will give the Collector an opportunity to appear before a regular or special meeting of the Town Council to present any evidence or explanation related to the existence of cause for termination. Following such presentation, the Town may elect to terminate this Agreement, may

elect to continue this Agreement as written or under probationary conditions or may elect such other action as may be in the best interest of the Town. The Collector shall be given written notice of the action of the Town Council, and no termination shall become effective earlier than thirty (30) days following the giving of such notice. In the event the County determines or elects to discontinue or terminate the services provided under this Agreement prior to the expiration of the term, in its discretion, the County shall provide written notice to the Town of such termination, and this Agreement shall terminate 120 days from the date of such notice.

SECTION 10. No Assignment or Transfer

This Agreement or the rights of the Collector hereunder may not be sold, assigned, pledged or transferred, in whole or in part, by the Collector without prior written consent of the Town.

SECTION 11. Insurance

The Collector, as a condition to the grant of rights under this Agreement, shall furnish and maintain comprehensive general liability insurance coverage in coverage amount not less than \$1,000,000.00 under a policy issued by an insurer acceptable to the Town. Such policy shall be in a form satisfactory to the Town, which such approval shall not be unreasonably withheld, and shall name the Town as co-insured against any liability for personal injury, death or property damage arising directly or indirectly from the collection or disposal services to be performed by the Collector. Any lapse in the coverage required in this paragraph shall result in an automatic and immediate suspension of this Agreement and the rights granted hereunder. The Town acknowledges that the County presently maintains comprehensive liability insurance coverage through the Association of County Commissions of Alabama Self Insurance Liability Fund, which is deemed to be an acceptable insurer.

SECTION 12. No Agency

The Collector shall be an independent contractor and not the agent of the Town for any purpose.

SECTION 13. Payment to Collector

- A. The Collector shall bill the Town monthly for the agreed amount of pickups; house counts will be verified every six (6) months. The Collector will adjust billing amounts accordingly. The Town shall provide the Collector with the number of pickups that it bills, and the Collector shall verify this number through driver count.
- B. The initial rates established in this Agreement shall remain in effect during the thirty-six (36) month term of this Agreement. Notwithstanding anything in this Agreement to the contrary, the parties agree that the established rates shall be increased in the event, and to the extent of, the increase in county-wide monthly collectible fees imposed by the County Commission, or mandatory cart subscription policies. Such increases in the established rate shall become effective as and when the underlying County increases or policies become effective.
- C. The initial rates for collection services are hereby established as \$14.95 per residential unit per month for once a week pickup. Residents may chose to rent a 96-gallon cart which will be billed at the rate of \$3.75 per month per cart. Commercial collection services are herby established as \$18.70 per unit per month for once a week pickup including one (1) cart. Additional commercial cart rates are herby

established as \$18.70 per cart per month for each cart above and beyond the one (1) cart provided in the base service. There will be a twelve percent (12%) discount given to the Town on the total amount due each month. During the term of the Agreement, if the Collector lowers the base collection rate throughout Baldwin County or to another municipality in Baldwin County, then the collection rate for the Town shall be lowered commensurately.

D. Request for special services shall be outlined in Baldwin County Commission Resolution 96-21 for Solid Waste.

E. The Collector shall be the Town by the 6th of each month for previous month's service. The Town shall pay the Collector by the 18th day of the month billed. Payment in arrears of sixty (60) days shall constitute a breach of this Agreement, and all collection services shall stop until all arrears are current.

SECTION 14. Term of Agreement

This Agreement shall be subject to the enactment of an ordinance by the Town approving of this Agreement and granting the Agreement rights described hereunder. This Agreement shall expire, unless sooner terminated or extended in writing after the approval of the Town, thirty-six (36) months from its effective date. The effective date shall be the 1st day of the month following the full execution of this Agreement.

SECTION 15. Permit Submittal

Copies of all applications for permits from boards or agencies of the County, State or Federal government having jurisdiction over any activities of the collection in relation to the Agreement shall be provided to the Town at the time of their submittal to the governing agency.

SECTION 16. Complete Agreement

This Agreement sets out the complete conditions with respect to the subject matter hereof and may not be amended except in writing executed by the parties, which execution by the Town has been approved by Ordinance or formal resolution of the Town Council.

SECTION 17. Compliance with ADEM and other State Reporting Requirements

The Town is required to quarterly and annually submit full cost accounting of solid waste collections, etc., to the Baldwin County Commission and the Alabama Department of Environmental Management (ADEM). The Collector shall submit all required and requested full cost accounting reports to the County Commission and ADEM by the requested deadline dates. Copies of these reports will be submitted simultaneously to the Town.

SECTION 18. Severability Clause

The provisions of this Agreement are hereby declared to be severable. In the event any provision hereof shall be held invalid by a court of competent jurisdiction, such invalidity shall not affect any other portion of this Agreement.

IN WITNESS WHEREOF, the undersigned parties, by and through their duly authorized representatives, have executed this Agreement.
