

BALDWIN COUNTY HAZARD MITIGATION PLANNING COMMITTEE

General Board Information:

Advisory committee which assists the EMA with hazard mitigation planning, mitigation grant opportunity analyses, and potential strategies and solutions for mitigation issues.

The Committee shall be composed of forty (40) member place seats. All members shall be designated by the respective authority aligned with said place-seat to serve for a term concurrent with the five (5) year planning cycle of the Hazard Mitigation Plan. All members shall serve without compensation. In the event of a vacancy on the Committee, the vacancy shall be filled by the designated respective authority aligned with said place seat to serve for the unexpired term of the former member. The Committee's bylaws may provide for the removal of a member only for cause.

The 2010 Baldwin County Multi-Hazard Mitigation Plan was adopted February 1, 2011 (Resolution #2011-045), amended by BCC Resolution #2014-009 on October 15, 2013, which dissolved the Baldwin County Hazard Mitigation Planning Committee (HMPC), and re-composed and re-established a new Baldwin County HMPC with new structure and membership.

This board list contains only members appointed by the Baldwin County Commission.

The Hazard Mitigation Plan has been adopted by the BCC as follows: May 3, 2016 (Resolution #2016-065); August 17, 2021 (Resolution #2021-109).
