CONSULTANT shall maintain complete and accurate documentation of work involved in claims.
13. In the case where Contractor for a project submits a request for extension of allowable contract time, CONSULTANT shall analyze request and prepare a recommendation to County Engineer covering accuracy of statements and actual effect of delaying factors on completion of controlling work items. It is the policy of the U.S. Department of Transportation that Disadvantaged Business Enterprises (DBE) as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this Contract. Consequently, the DBE requirements of 49 CFR Part 26 apply to this Contract.

DBE Obligation. The recipient of funds under the terms of this Contract agrees to ensure that Disadvantaged Business Enterprises as defined in 49 CFR Part 26 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement. In this regard, such recipient shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that Disadvantaged Business Enterprises have the maximum opportunity to compete for and perform contracts and shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of U.S. Department of Transportation assisted contracts.

Failure of the recipient of funds under the terms of this agreement, or failure of its subcontractor (if a subcontractor is authorized) to carry out the DBE requirements of this agreement shall constitute a breach of contract, and may result in termination of the contract by the COUNTY, or such other remedy may be undertaken by the COUNTY as it deems appropriate.

EXHIBIT B

The parties agree to fully comply with the energy conservation plan of the State of Alabama issued in compliance with the Federal Energy Policy and Conservation Act (Public Law 94-163) where applicable to the parties and, in addition;

In the event the payment to CONSULTANT under the terms of this Contract exceeds the sum of \$100,000.00, the CONSULTANT agrees to comply fully and completely with the applicable standards, orders and requirements issued under the following laws, orders and regulations:

- a. Section 306 of the Federal Clean Air Act (42 U.S.C. 1857(h), as amended by 42 U.S.C. 7401 et seq.).

CHANGES OF WORK

- a. If during the term of this Contract additional services are required other than those services specified in the Contract, or major changes in the work become necessary or desirable, the COUNTY may, in writing, order the CONSULTANT to perform such services or make changes, or if the CONSULTANT is of the opinion that the work he was directed to perform is beyond the scope of this Contract and constitutes extra work, the CONSULTANT shall promptly notify the COUNTY in writing of such fact and receive written approval from the COUNTY prior to performing such work. The terms "in writing" and "written approval" may be in the form of normal correspondence such as letters, or written conference notes approved by the CONSULTANT and the COUNTY. In the event that the COUNTY determines that such work does constitute extra work, additional terms for completion of contract shall be given and payment for the extra work will be negotiated by supplemental contract. Any extra work and/or payment for extra work must have the approval of the Federal Highway Administration before such work is undertaken if Federal funds are to be utilized in payment for such work.
- b. During the term of this Contract any service in the Contract may be deleted and reduced at the discretion of the COUNTY. If such deletion or reduction becomes desirable, the CONSULTANT will be given advance notice and an equitable reduction in the CONSULTANT'S fee will be made on a proportionate basis.

DELAYS AND EXTENSIONS – TIME PERIOD OF AGREEMENT

In the event that additional work or unavoidable delays prevent completion of the services to be performed under this Contract in the time specified in the Contract, the COUNTY may grant a time extension to any or all phases of the work provided written application is made by the CONSULTANT within ten (10) days after the alleged delay has occurred. Any time extension for extra work authorized will be based on the ratio that the additional compensation bears to the original fee and time limit. In the event the COUNTY determines the time provided for in the Contract for completion of work is not sufficient for completion of the work, in keeping with generally acceptable work practices for accomplishment of the work involved, the COUNTY may, at the sole option of the COUNTY, in writing directed to the CONSULTANT, extend the Contract for such time period, or periods of the time from time to time thereafter as the COUNTY deems necessary for work completion. Writing directed from the COUNTY to the CONSULTANT extending the Contract will be conclusive of the fact that the COUNTY has made the determination of insufficiency of time as above provided.

EXHIBIT C

Page 2

- a. The parties agree that conferences will be held at the request of COUNTY representatives, the Federal Highway Administration or the CONSULTANT to discuss matters pertinent to any phase of this project. EXHIBIT D

TERMINATION OR ABANDONMENT

- a. The COUNTY shall have the absolute right to abandon the work or to amend its project at any time, and such action on its part shall in no event be deemed a breach of contract.
- b. The COUNTY has the right to terminate this CONTRACT at its sole discretion without cause and make settlement with the CONSULTANT upon an equitable basis. The value of the work performed by the CONSULTANT prior to the termination of this CONTRACT shall be determined. In determining the value of the work performed, the COUNTY shall consider the following:
 - (1) The ratio of the amount of work performed by the CONSULTANT prior to the termination of the CONTRACT to the total amount of work contemplated by this CONTRACT less any payments previously made.
 - (2) The amount of the expense to which the CONSULTANT is put in performing the work to be terminated in proportion to the amount of expense to which the CONSULTANT would have been put had he been allowed to complete the total work contemplated by the CONTRACT, less any payments previously made. In determining the value of the work performed by the CONSULTANT prior to the termination, no consideration will be given to profit, which the CONSULTANT might have made on the uncompleted portion of the work. If the termination is brought about as a result of unsatisfactory performance on the part of the CONSULTANT, the value of the work performed by the CONSULTANT prior to termination shall be fixed solely on the ratio of the amount of such work to the total amount of work contemplated by this CONTRACT.

CONTROVERSY

In any controversy concerning contract terms, or on a question of fact in connection with the work covered by this project, including compensation for such work, the decision of the Transportation Director and/or County Engineer regarding the matter in issue or dispute shall be final and conclusive of all parties.

OTHER RESPONSIBILITY MATTERS – PRIMARY COVERED TRANSACTIONS

A. Certification Regarding Debarment, Suspension, and Other Responsibility Matters –
Primary Covered Transactions

Instructions for Certification

By signing and submitting this CONTRACT, the prospective primary participant is providing the certification set out below.

The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause of default.

The prospective primary participant shall provide immediate written notice to the department or agency to whom this CONTRACT is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
