

STATE OF ALABAMA)

COUNTY OF BALDWIN)

KNOW ALL MEN BY THESE PRESENTS: that MAGNOLIA LAND COMPANY,
 as Principal, and ~~THE CITY OF FOLEY, ALABAMA~~ J. B. FOLEY, individually,
~~THE CITY OF FOLEY, ALABAMA~~ as Surety, are held and firmly bound unto the City of
 Foley, Alabama, a municipality, in the sum of ONE HUNDRED AND
NO/100 (\$100.00) DOLLARS - - - - - double
 the probable cost of the appeal from the November 16, 1959 assess-
 ment of a portion of the cost of a certain sanitary sewer against
 the following property owned by Magnolia Land Company, in Foley,
 Baldwin County, Alabama, to-wit:

Lot 1, in Block One, of the Town of Foley, Baldwin
 County, Alabama.

For which payment well and truly to be made, we bind our-
 selves, our successors and assigns, jointly and severally, by these
 presents. The condition of this obligation is such that whereas
 the above bounden Magnolia Land Company has taken its appeal from
 said assessment to the Circuit Court of Baldwin County, Alabama;
 NOW, if the said Magnolia Land Company shall prosecute said appeal
 to effect and pay the City of Foley any judgment that the Circuit
 Court or other Court may render and all damages that any person
 may suffer by such appeal, then this obligation shall be void,
 otherwise to remain in full force and effect.

SEALED with our hands this the 5th day of December,
 1959.

MAGNOLIA LAND COMPANY

BY: J. B. Foley
 AS ITS PRESIDENTFIDELITY & CASUALTY COMPANY OF NEW
 YORKBY: J. B. Foley
 AS ITS ATTORNEY-IN-FACT

TAKEN, APPROVED, AND ORDERED to be recorded this the 7th
 day of Feb, 1960.

CITY OF FOLEY, ALABAMA

BY: Henry W. Carson
 AS ITS MAYOR

NOTICE OF APPEAL

Comes now MAGNOLIA LAND COMPANY, owner of the following described property in Foley, Baldwin County, Alabama, and takes this its appeal from the action of the City Council of Foley, Baldwin County, Alabama, a municipality, at its meeting November 16, 1959, in assessing against said property the sum of \$527.58, for improvements in the nature of a sanitary sewer. The property owner reserves unto itself each and every objection to said assessment as originally filed with said City Council. The property against which the assessment has been made and this appeal taken is situated in Foley, Baldwin County, Alabama, to-wit:

Lot 1, in Block One, of the Town of Foley, Baldwin County, Alabama.

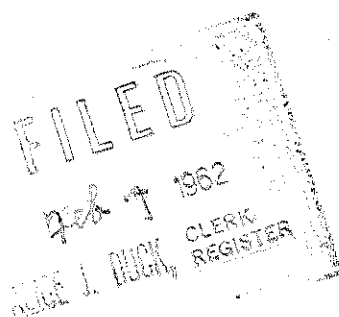

Magnolia Land Company demands trial by jury.

DONE this the 5th day of December, 1959.

MAGNOLIA LAND COMPANY

BY:

February 7, 1962

Mrs. Alice J. Duck
Clerk of Court
Bay Minette, Alabama

Dear Mrs. Duck:

Enclosed herewith is a transcript of all of the proceedings of the City of Foley relating to the assessment for sanitary sewer so far as the same concerns the property of the Magnolia Land Company, who, I am informed, has appealed from the said assessment.

W. F. Anderson
City Clerk

CITY OF FOLEY, ALABAMA

MINUTES OF THE ADJOURNED MEETING OF THE
CITY COUNCIL OF THE CITY OF FOLEY, ALABAMA,
APRIL 28, 1958.

Pursuant to the adjournment of the meeting of the City Council of the City of Foley, held at 7:00 o'clock P. M., on April 21, 1958, this meeting was called to order at 4:00 o'clock P. M., April 28, 1958, in the City Hall of Foley, Alabama, the Mayor and all Councilmen being present, namely, Mayor W. Max Griffin, Councilmen L. W. Brannan, Jr., Henry Carson, Arthur Holk, R. L. Kirkland, Jr., and Robert Thompson. There was also present J. M. Stapleton, City Clerk, and C. G. Chason, City Attorney.

After discussion of the revisions to the proposed sewage expansion in the City of Foley, the plans and specifications as presented by the engineering firm of J. E. Converse and Company, of Mobile, Alabama, were approved for presentation to the citizens of the City of Foley. After discussing this project, the following Ordinance was submitted, in writing, by the Mayor, W. Max Griffin:

ORDINANCE NO. 107

(continued to next page)

City of Chicago, Illinois, and the State of Illinois

Section 1. That the City of Chicago, Illinois, and the State of Illinois, do hereby certify that the following is a true and correct copy of the original as the same appears in the records of the City of Chicago, Illinois, and the State of Illinois:

(2) That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

To the effect that the City of Chicago, Illinois, and the State of Illinois, do hereby certify that the following is a true and correct copy of the original as the same appears in the records of the City of Chicago, Illinois, and the State of Illinois:

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

That the original copy of the same is on file in the City of Chicago, Illinois, and the State of Illinois.

MARIGOLD STREET (KABANA HIGHWAY NO. 39), on the east side of Marigold Street, from the intersection with Marigold Avenue to a point 50 feet north of the center line of said street, a distance of 1,500 feet;

SATURN STREET, from its intersection with Pine Street westward to its intersection with Cedar Street a distance of 1,421 feet;

UNION STREET, from its intersection with Section Street southward to an unnamed alley which connects Cedar Street and Oak Street and which lies between and parallel with Marigold Avenue and Begonia Avenue, a distance of 327 feet;

Said unnamed alley connecting Cedar Street and Oak Street and lying between and parallel with Marigold Avenue and Begonia Avenue, from the corner section of said alley with Cedar Street eastward for a distance of 537 feet;

BEGONIA AVENUE, from Cedar Street westward for a distance of 1,256 feet;

AN UNNAMED ALLEY BEGINNING AT A POINT ON BEGONIA AVENUE 175 FEET WEST OF THE CENTER LINE OF CEDAR STREET, from Begonia Street southward down said alley and across Marigold and Orion Avenues to the end of said alley at Marigold Avenue, a distance of 1,152 feet;

ORION AVENUE, from said alley last referred to westward for a distance of 1,700 feet;

CECILE AVENUE, from said alley last referred to westward for a distance of 1,300 feet; and

MARIGOLD AVENUE, from said alley last referred to westward 1,003 feet.

(b) In the following location:

Beginning at the intersection of Oak Street and Saturn Street and running westward along Saturn Street for a distance of 541 feet;

Beginning at a point on Saturn Street 541 feet west of the center line of Oak Street and running westward for a distance of 340 feet parallel with Oak Street a distance of 310 feet;

Beginning at a point on Saturn Street 210 feet west of the center line of Oak Street, and running westward for a distance of 339 feet parallel with Oak Street a distance of 300 feet.

1. **Introduction**
 The purpose of this report is to analyze the data collected from the survey conducted in the first semester of 2023. The data was collected from a sample of 100 respondents, and the results are presented in the following sections.

2. **Data Collection**
 The data was collected through a series of interviews and focus group discussions. The participants were selected through a random sampling method, and the data was collected over a period of six weeks.

3. **Data Analysis**
 The data was analyzed using a series of statistical tests, including t-tests, ANOVA, and regression analysis. The results of the analysis are presented in the following sections.

4. **Results**
 The results of the analysis show that there is a significant difference in the mean scores of the two groups. The first group has a mean score of 75, while the second group has a mean score of 85. This difference is statistically significant at the 0.05 level.

5. **Conclusion**
 The results of the analysis suggest that there is a significant difference in the mean scores of the two groups. This difference is statistically significant at the 0.05 level.

The above described property is situated on the
 south side of the road, and is bounded on the
 north by the road, on the east by the road, and
 on the west by the road. The property is
 situated in the town of _____, county of _____,
 State of _____, and is bounded on the north by the road, on the east by the road, and on the west by the road. The property is situated in the town of _____, county of _____, State of _____, and is bounded on the north by the road, on the east by the road, and on the west by the road.

Figure 1. The proposed model for the development of the *Phragmites* wetland. The model is based on the interaction between the physical, chemical, and biological processes. The physical processes include the sedimentation of organic and inorganic matter, the erosion of the sediment, and the transport of the sediment. The chemical processes include the decomposition of organic matter, the mineralization of organic matter, and the sorption of nutrients. The biological processes include the growth of *Phragmites* plants, the death of *Phragmites* plants, and the decomposition of dead *Phragmites* plants. The model is a dynamic system that can be used to predict the future development of the *Phragmites* wetland.

$\frac{d}{dt} \left(\frac{\partial L}{\partial \dot{x}} \right) = \frac{\partial L}{\partial x}$

The diagram illustrates the experimental setup. A participant is seated at a table, looking at a monitor. On the table is a 3D model of a human head and neck. A red line on the model indicates the larynx's position. A microphone is positioned near the model, and a camera is positioned above it. The participant is instructed to perform a task, and the setup is used to record the participant's performance.

[illegible][illegible][illegible][illegible]

Figure 1. The structure of the proposed model. The model is composed of three main parts: a feature extraction module, a classification module, and a fusion module. The feature extraction module uses a combination of a convolutional layer and a fully connected layer to extract features from the input data. The classification module uses a support vector machine (SVM) to classify the extracted features. The fusion module combines the results of the classification module with the input data to produce the final output.

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand what consumers want and what gaps exist in the current market.

The following table shows the results of the regression analysis for the dependent variable $\ln Y_{it}$. The first column shows the variable name, the second column shows the coefficient estimate, the third column shows the standard error, and the fourth column shows the t-statistic. The fifth column shows the p-value. The sixth column shows the F-statistic. The seventh column shows the R-squared value. The eighth column shows the adjusted R-squared value. The ninth column shows the Durbin-Watson statistic. The tenth column shows the Breusch-Pagan statistic. The eleventh column shows the Ramsey RESET statistic. The twelfth column shows the White Heteroskedasticity Test statistic. The thirteenth column shows the Jarque-Bera statistic. The fourteenth column shows the Shapiro-Wilk statistic. The fifteenth column shows the Kolmogorov-Smirnov statistic. The sixteenth column shows the Anderson-Darling statistic. The seventeenth column shows the Cramér-von Mises statistic. The eighteenth column shows the Lilliefors statistic. The nineteenth column shows the Smirnov statistic. The twentieth column shows the Kolmogorov-Smirnov statistic.

(b) The area of territory to be drained, served and supplied by the sanitary sewage, manholes and other appurtenances hereby provided herein to be constructed in the divisions designated by subsection (b) of Section 1 herein is hereby described, defined and declared to be as follows:

Beginning at the southeast corner of the intersection of Cedar Street and Fern Street (said point of beginning being also the north-west corner of Lot 255 in the city) and running thence along the east property line of Cedar Street to a point 121 1/2 feet south of the north line of Cedar Street; thence southward and parallel with Cedar Street to Oak Street; thence along the west property line of Oak Street to Fern Street; thence westward along the west property line of Fern Street to a point of beginning; the area so described being bounded as follows: on the east by Oak Street; on the south by Fern Street; on the west by Cedar Street; and on the north by a line parallel with Cedar Street and 121 1/2 feet south of the north line of Cedar Street (said line running from Cedar Street to Oak Street and bisecting the center line of Lot 255 in said city).

(c) The area of territory to be drained, served and supplied by the sanitary sewage, manholes and other appurtenances hereby provided herein to be constructed in the divisions designated by subsection (c) in Section 1 herein is hereby described, defined and declared to be as follows:

Beginning at the southeast corner of Lot 255 in the city and running thence northward along the east line of Cedar Street to the intersection of Cedar Street and Oak Street; thence northward 253 feet to a point 121 1/2 feet south of the north line of Cedar Street; thence northward 1,125 feet to a designated line street; thence northward 253 feet to Oak Street; thence northward along the west property line of Oak Street a distance of 121 1/2 feet to the point of beginning; said area being bounded on the west by Cedar Street; on the south by a line parallel with Cedar Street and 121 1/2 feet south of the north line of Cedar Street; on the east by a designated line street; and on the north by Oak Street.

(E) The cost of the improvements provided for in subsection (C) of Section 1 hereof shall be assessed as liens upon taxes against the lots or parcels of land lying within the district defined, served and benefited by said improvements, the district or districts, served and benefited being the same as or within the limits in subsection (C) of Section 1 hereof.

(F) The cost of the improvements provided for in subsection (C) of Section 1 hereof shall be assessed as liens upon taxes against the lots or parcels of land lying within the district defined, served and benefited by said improvements, the district or districts, served and benefited being the same as or within the limits in subsection (C) of Section 1 hereof.

provided that the district or districts in any of the improvements provided for in subsection (C) of Section 1 hereof shall be assessed as liens upon taxes against the lots or parcels of land lying within the district defined, served and benefited by said improvements, the district or districts, served and benefited being the same as or within the limits in subsection (C) of Section 1 hereof.

Section 2. Method of Hearing on Plans and Objections. May 16 1958. At 7:30 A.M. the Board of Public Works and the same is hereby ordered that the first week the Mayor and City Council in their annual meeting shall hear the city auditor or clerk report on any objections or remonstrances that may be made to said improvements, the manner of making the same and the location of the material or materials to be used.

Section 3. Notice of this Ordinance. This ordinance shall be published in the City of St. Louis for two consecutive weeks in the Missouri State Gazette published in the city, and a copy of this ordinance shall also be sent, by U. S. Certified Mail, Registered, paid, in full, of the persons investigating and making the same, which may be assessed for said improvements, at the last known address of each such person, said copies to be so mailed not less than ten days before the meeting of the Board and City Council of the city provided for in the first paragraph of this ordinance.

Adopted and approved this 28th day of April, 1958.

S/ W. Max Grippa
Mayor

S/ J. M. Stapleton

Whereupon Councilman Holk moved for the immediate consideration of the foregoing Ordinance. Councilman Thompson seconded said motion, and the vote taken thereon resulted as follows: "Ayes": Mayor W. Max Griffin, Councilmen Robert Thompson, Arthur Holk, E. L. Kirkland, Jr., L. W. Brennan, Jr., and Henry Carson. "Nays": None.

Thereupon the Mayor announced that the Ordinance was up for immediate adoption. Whereupon Councilman Carson moved for the adoption of the Ordinance. This motion was seconded by Councilman Kirkland. The vote taken thereon resulted in the following. "Ayes": Mayor W. Max Griffin, Councilmen Henry Carson, E. L. Kirkland, Jr., Robert Thompson, Arthur Holk and L. W. Brennan, Jr. "Nays": None.

There being no further business, the meeting adjourned.

5/ W. Max Griffin
Mayor

ATTEST:

5/ J. M. Stapleton
City Clerk

I, the undersigned, J. M. Shepleton, as City Clerk of the City of Foley (herein called "the city") in the State of Alabama, hereby certify as follows:

(1) On or before May 6, 1958, I furnished by United States Certified Mail, postage prepaid, a copy of the city's Improvement Ordinance No. 107 adopted on April 28, 1958, to each of the persons assessing for city taxation the property which might be affected by the improvements provided for in said Improvement Ordinance No. 107, at the last known address of each such person; and

(2) Details, drawings, plans, specifications, surveys and cost estimates, all of which were prepared by J. H. Converse and Company, Inc., Engineers, Mobile, Alabama, covering the improvements provided for in the said Improvement Ordinance No. 107, were continuously on file in my office from April 28, 1958, until and including May 28, 1958, during which period they were at all times, during business hours, available for inspection by affected property owners and any other interested persons.

WITNES my signature as said city clerk, under the seal of said city, this 23 day of June, 1958.

J. M. Shepleton
City Clerk

[illegible]

5 / J. M. Stephens
Mayor

5 / W. Ross Higgins
Mayor

The Mayor thereupon announced that the Council would consider the protest filed at its next regular meeting to be held at the City Hall, the usual place of holding same, at 7 o'clock P. M. on the 19th day of May, 1958, and thereupon Councilman Henry Carson moved that the meeting be adjourned until 7 o'clock P. M. on May 19, 1958 for the consideration of the protest and for the consideration of any ordinances or resolutions concerning the proposed sewer construction as set out in City Ordinance No. 107. The motion was seconded by Councilman E. W. Kirkland, Jr., the Mayor and all Councilmen voting "Aye", the motion was unanimously adopted and the Mayor declared the meeting adjourned until May 19, 1958 at 7 o'clock P. M. at the City Hall.

Done this 16th day of May, 1958.

MINUTES OF THE REGULAR MEETING
OF THE MAYOR AND CITY COUNCIL
OF THE CITY OF FOLEY, HELD ON
JUNE 2, 1958.

The Mayor and City Council of the City of Foley, Alabama, met in their first monthly regular session at the City Hall of the City of Foley, on the 2nd day of June, 1958, at 7:00 o'clock P. M. The meeting was called to order by the Mayor, who presided as chairman thereof, and upon roll call the following were found to be present: Mayor W. Max Griffin, Councilmen L. W. Brannon, Jr., Henry Carson, Arthur Holk, R. W. Kirkland, Jr., and Robert Thompson. Absent, None. J. M. Stapleton, the City Clerk, was present and acted as Clerk. Attorney C. G. Chason, City Attorney, was also present. The Mayor stated that a quorum was present and declared the meeting open for the transaction of business.

* * * * *

The Mayor then announced that pursuant to the published notice to contractors inviting bids for the sewer system, as set out in Improvement Ordinance No. 107. The bids were to be opened at the City Hall of the City of Foley at 2:00 P. M. on June 6, 1958, therefore, there being no further business to come before the Council at this time, on motion made by Councilman Henry Carson, and seconded by Councilman Arthur Holk, the Mayor and Councilmen voting "aye", this meeting was adjourned to convene at 7:00 P. M., June 6, 1958, in the City Hall.
