Dear Mr. Cooper:

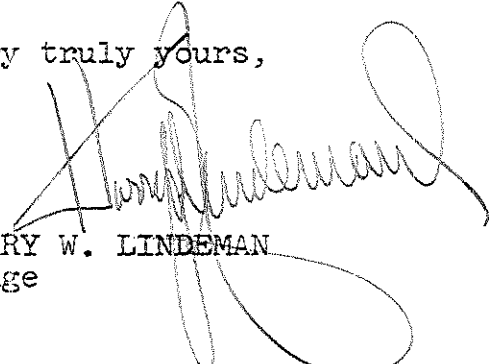

I share your concern when from a distance it appears that the Reciprocal Support Law is not working, and on occasion I have felt exactly as expressed in your letter of June 7th, 1956.

It is not only that a doctor's certificate certifies to the man's inability to work, but I had the opportunity of seeing him and from observation he is a physical wreck.

I treat cases before me stemming under the Reciprocal Support statute in the same way and manner as those where all the parties are in my state. There appeared to be no good reason to continue this case beyond the last hearing as indicated. This man is now being supported by his brother and sister.

I would hope that other or additional cases from your court would bring more satisfactory results.

Very truly yours,

HARRY W. LINDEMAN

Honorable Harry W. Lindeman
Judge
Juvenile and Domestic Relations Court
County of Essex
Newark 2, N.J.

Dear Judge Lindeman:

Notice has been received this date from Mr R.L. Mahony, County Adjuster, County of Essex, that the petition filed by Barbara N. Granholm against Scott L. Naedele, your case No. DRC 43419, was dismissed by you May 31, 1956, on the ground that the respondent was "physically incapable of obtaining employment".

In view of the fact that respondent, Scott L. Naedele, admits in his answers to interrogatories filed by undersigned that he is rated only a 30% disability by the Veterans Administration, it is not understood why he is incapable of working. And his answer further indicates that he owns a 1952 Packard automobile and that he is not under any physician's care.

Is there any provision to require Mr Naedele to inform the Court when he is again gainfully employed so that further action might be taken. Would it not have been possible to have continued the cause for a period of twelve months to see if he again became able to work?

Respectfully yours,

Kenneth Cooper
