Detailed description of Figure 6: This is a scatter plot with a fitted curve. The vertical axis (y-axis) is labeled  $T_c / \text{K}$  and has major tick marks at 0, 60, 120, and 180. The horizontal axis (x-axis) is labeled  $x$  and has major tick marks at 0, 0.2, 0.4, 0.6, 0.8, and 1.0. There are approximately 12 data points represented by open circles. A smooth, continuous curve is drawn through these points, showing a monotonic decrease in  $T_c$  as  $x$  increases.

Re: The Busy Bee Garage  
Vs: The State of Alabama

Dear Mrs. Duck:

Please find herewith enclosed a check drawn by the Busy Bee Garage, the appellant in the above styled cause, in the amount of \$7.05, covering all the costs in this behalf, together with an order dismissing the case out of court.

Kindly request of the Judge that he sign the order, and file the same in the case, mailing me a receipt for the cost bill.

I am mailing a copy of this order to Mr. H. Grady Tiller, who is attorney of record for the appellee in the case.

Thanking you, I remain

Yours very truly,

*William R. Lauten*

Re: Appeal by Busy Bee Garage, Vincent J. Klein,  
et al. Versus The State of Alabama.

Dear Mrs. Duck:

Please find herewith enclosed a request by the appellant that the appeal be dismissed in the above matter upon payment by the appellant of the costs in this behalf expended. I am mailing by registered mail a copy of this paper to the Secretary of the State Department of Revenue in Montgomery.

Please mail to me a bill of costs in this case, and I shall have my client draw his check in your favor to cover the same, and upon its receipt, please enter a dismissal of said appeal.

Yours very truly,

*William R. Lauten*
