STATE OF ALABAMA, on the relation of W. J. Terry, Superintendent of Education,

Complainant

vs

IN THE CIRCUIT COURT OF

BALDWIN COUNTY, ALABAMA,

ROBERT R. NAHRGANG AND MARJORIE NAHRGANG,

Defendants

IN EQUITY

Comes the State of Alabama, on the relation of W. J. Terry, Superintendent of Education, complainant and cross respondent, and answering the cross bill filed by the respondents in the above styled cause on to-wit: October 27, 1953, says:

First: The allegation in paragraph two, that the complainant owns the lands described therein is true, that the implication of the respondents and cross complainants denial of complainant's ownership of the additional lands described in the bill of complaint is untrue. The complainant and cross respondent is the owner of and in peaceable possession of the lands and all the lands described in the bill of complaint.

Second: Complainant and cross respondent denies the allegations in paragraph three of the respondents cross bill that the respondents were presented a deed describing the land as in the complaint and deny that he did not read the said deed and deny that he understood and assumed that the deed was identical with the deed described with a specific distance reading 695 feet on a compass reading South 70° East; and the complainant says that both the said deeds, the one describing the property with a specific distance of 695 feet, and the one describing the property with a distance of 965 feet, were drafted or caused to be drafted by the respondents and both were executed by the respondents and delivered to the complainant and cross respondent, and were in fact duplicate deeds intending to convey, and conveying, the whole of the property described in complainant's bill of complaint.

Third: Answering the allegations of paragraph four of respondents cross bill, they deny that the respondents did not

read the deed filed for record March 31, 1952, and say that the said deed was drafted or caused to be drafted by the respondents and cross complainants and was intended to and did convey to the complainant the land described in the bill of complaint.

Fourth: Answering the allegations of paragraph five, complainant and cross respondent denies that there was no consideration for the signing of the deed recorded in 178 NS at pages 120-2 and say that the complainant paid to the respondents the sum of \$4,725.00 for the said lands, and complainant denies that the deed does not represent the intent of the respondents, grantors, and say that the said conveyance was a duplicate conveyance and both the said deeds were intended to and did convey the whole of lands described in the bill of complaint, but that the deed recorded in 79 NS, pages 129-30 through an error in the drafting gave the first course and distance as 695 feet and whereas it should have been 965 feet, and the other deed did give the correct description as 965 feet.

Fifth: Complainant denies the allegations in paragraph six that both the said deeds were not intended to be and were not duplicate deeds, and say that both said deeds were duplicate deeds and were intended to and did convey the whole of the lands described in the bill of complaint and that the respondents did provide and did furnish to the complainant in this cause the data required to be furnished by such deeds showing the description, dimensions and acreage, together with a plot of the adjoining lands, that the respondents furnished to the complainant an abstract showing the lands intended to be conveyed and along with such abstract and as a part thereof a map, both compiled by Harry H. Parker, county surveyor and abstractor, and both of which described the lands as the same is described in the bill of complaint and in addition thereto the respondents and cross complainants, there being a mortgage on the said lands to Murray W. Dunlap and Addie C. Dunlap, undertook to and did cause the said Murray W. Dunlap and Addie C. Dunlap to release the lands sold and conveyed to the complainant by the

respondents, in which such release the property so released was described as the said lands are described in complainant's bill of complaint.

Sixth: The complainant denies any and all other allegations made in respondents answer and cross bill and says that the respondents sold and conveyed to the complainant the whole of the lands described in the bill of complaint for and at the sum of \$4,725.00, that the consideration therefor has been paid in full, that the respondents undertook to and did furnish to this complainant an abstract of title and a map showing description, dimensions and acreage of such lands so sold, that the respondents undertook to and did draft duplicate deeds to the said lands and did deliver both said deeds to this complainant, that in the one recorded in 79 NS at pages 129-30 of the records of Baldwin County, Alabama, the first course and distance from the beginning point was erroneously given as South 70° East 695 feet, that the lands sold by the respondents and purchased by the complainant was the whole of the lands described as in the bill of complaint, and the same as is described in the deed executed and delivered by the respondents to the complainant and recorded in the office of the Judge of Probate of Baldwin County in deed book 178 at pages 120-2, which said deed correctly gives the first course and distance after the beginning point as South 70° East 965 feet.

Complainant further answering the said cross bill says that the respondents placed the complainant in possession of the whole of said lands described in the bill of complaint and the complainant has been in continuous possession thereof from the date of the delivery of the deeds on to-wit: the 26th day of December, 1942, down to and including the date of the filing of the complaint in this cause, and the respondents never at any time denied or disputed complainant's title to the said lands as described in the bill of complaint; that when the error in the first deed was discovered the respondents attention was called to the same by S. M. Tharp, then Superintendent of Education of Baldwin County, and by W. C. Beebe, attorney for the Board of Education of Baldwin County, and the

respondents did not then or at any time thereafter dispute or deny that the whole of the said lands described in the bill of complaint was conveyed by them to the State of Alabama, that they from time to time and on numerous occasions promised to give to the State of Alabama a new conveyance reciting that the deed recorded in Deed Book 178 at pages 120-2 correctly described the lands and that said lands were the lands conveyed, but that he undertook to, and did, delay the execution of such deed, as he expressly said, for the purpose of compelling the State of Alabama to locate the roads and streets within the above described property according to his own wishes and whim, and never at any time until he filed his answer in this cause did he ever deny or dispute the fact that he sold and conveyed the lands to the State of Alabama as described in its bill of complaint and he never at any time after the conveyance aforesaid claimed any interest in any part of the lands described in the bill of complaint and never at any time exercised or attempted to exercise possession over any part of the same.

And now having fully answered respondents cross bill in this cause the complainant prays that he may go hence with his reasonable costs in this behalf expended.

Complainant,

IN EQUITY

vs.

ROBERT R. NAHRGANG and MARJORIE
NAHRGANG,

Respondents.

Come now your respondents and for answer to the complaint in the above
styled cause show unto this Honorable Court as follows:

1.

As to Count One of said complaint, admit the allegations thereof.

2.

As to Count Two of said complaint, your respondents expressly deny the
allegations thereof as to the description alleged, and instead admit that the
State of Alabama is the owner of and in peaceable possession of the following
described lands situate in Baldwin County, State of Alabama, to-wit:

From the Southwest corner of Lot 23, Block 12, all being
according to the map of Volanta, Alabama, recorded in
Miscellaneous Book No. 1, page 341, signed by Theo. Widell,
Surveyor, April 27th, 1914; thence run South 20 Deg. West
361.8 feet along the East margin of Section Street, for a
point of beginning; thence South 70 Deg. East 695 feet; thence
South 1570 feet, more or less, to the North line of the
property of the City of Fairhope in the center of Bayou Charbon;
thence Northwesterly up the aforesaid North line of the property
of the City of Fairhope to the East margin of the aforesaid
Section Street; thence North 50 feet, more or less, to a stake
on the East margin of Section Street; thence North 20 Deg. East
750 feet to the point of beginning; containing 30 acres, more
or less, and lying in Section 37, Barron De Ferrirt Grant, Town-
ship 6 South, Range 2 East.

3.

As to Count Three of said complaint, your respondents show unto this
Honorable Court that your respondents sold and conveyed unto the State of
Alabama the property described in Count Two of this Answer, and were presented
the deed bearing the above description, which your respondents examined and
signed. Your respondents were also presented a deed bearing the description
set forth in the complaint in this cause, which your respondents did not read
but did sign, with the understanding and assurance that the deeds were identical
and that your respondents were conveying a specific distance of 695 feet on
the compass reading "South 70 Deg. East". That the deed so reading was filed
for record in the office of the Judge of Probate of Baldwin County, Alabama,
on February 10, 1943, at 9:30 A.M., and is of record in Deed Book No. 79 at
page 129-30.

4.

That the deed which your respondents did not read, believing same to be a duplicate of the description hereinbefore set out, and executed as a duplicate deed, was also executed on December 26, 1942, but was not filed for record until nearly ten years later, on, to-wit, March 31, 1952.

5.

There was no consideration for the signing of the last mentioned deed, which was recorded in Deed Book 178 NS, page 120-2 in the office of the Judge of Probate of Baldwin County, Alabama, and that said deed does not represent the intention of the grantors therein in that it purported to convey 965 feet on the compass reading "South 70 Deg. East", instead of 695 feet, as set forth in the original deed, which the grantors did read and examine.

6.

Further, said deed was not a duplicate of the original deed executed, in that in addition to the change in description, it also included an additional paragraph: "This deed will not be accepted unless accompanied by a plot showing location of land being deeded, giving the dimensions and acreage, together with plot of any adjoining school lands, if any", and that your respondents did not provide such data required under that restriction, not being instructed to furnish such blueprint, data or information at the time of execution, nor at any time within the nearly ten years elapsing thereafter.

7.

As to Count Four of said complaint, your respondents admit the allegations therein.

8.

And now, having answered the complaint filed in the foregoing cause, your respondents respectfully ask that this Honorable Court take the following as a cross bill and further answer to the bill of complaint, and that W. J. Terry, as Superintendent of Education of the State of Alabama, and the State of Alabama be made parties cross respondent to this cause, and that your respondents be considered parties cross complainant thereto, and your cross complainants now show unto this Honorable Court that the deed executed by your parties cross complainant and recorded in the office of the Judge of Probate of Baldwin County, Alabama, in Volume 178 NS, page 120-2, in which description the bearing reads "thence South 70 Deg. East 965 feet", be stricken from the record and declared void as failing to express the intention of the parties.

9.

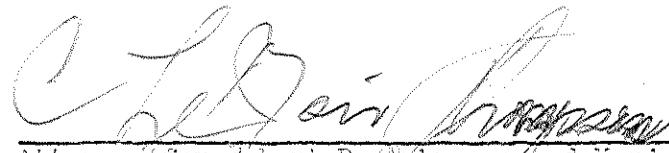

Further, that the deed executed by your parties cross complainant and recorded in the office of the Judge of Probate of Baldwin County, Alabama, in Volume 178 NS, page 120-2, in which description the bearing reads "thence South 70 Deg. East 965 feet" be stricken from the record and declared void inasmuch as no consideration was passed for the execution of this conveyance.

Further, that the deed executed by your parties cross complainant and recorded in the office of the Judge of Probate of Baldwin County, Alabama, in Volume 178 NS, page 120-2, in which deed the express restriction is set forth as follows: "This deed will not be accepted unless accompanied by a plot showing location of land being deeded, giving the dimensions and acreage, together with plot of any adjoining school lands, if any", be stricken from the record and declared void by its own terms as not having been accepted, in that said deed was not recorded for nearly ten years.

WHEREFORE, your cross complainants and respondents pray this Honorable Court that this Honorable Court take jurisdiction of this cross complaint, and that the said complainants and cross respondents be required to plead, answer or demur to same within the time and under the penalties prescribed by law and practice of this Honorable Court.

AND, your cross complainants further pray that upon the hearing of this cause, this Honorable Court will make and enter an order and decree denying the complaint of the said complainants and cross respondents.

AND FURTHER, that this Honorable Court will make and enter a decree adjudging that said complainants and cross respondents have title only to the land described in that deed the description of which is set forth in Count Two of this answer and cross bill, which is of record in Volume 79 NS, page 129-30, in the office of the Judge of Probate of Baldwin County, Alabama; and further, will enter an order and decree adjudging that the deed filed on March 31, 1952, in Volume 178 NS, page 120-2, in the office of the Judge of Probate of Baldwin County, Alabama, be void and of no effect; and your cross complainants pray for such other, further or different relief as in equity they shall be entitled to receive in the premises; and your cross complainants further do offer to do equity in this cause before this Honorable Court.
