This cause coming to be heard on the Bill of Complaint,
the answer of Thomas J. Taylor, Aaron A. Lowenstein and Sidney
Lowenstein, individually and as partners doing business as Taylor,
Lowenstein and Company, a co-partnership; a decree pro confesso ^{personal service}
against the respondents R. S. Stewart and W. C. Stewart, and upon
the testimony as noted by the Register, the Court is of the opinion
that the complainant is entitled to the relief prayed for.

It is Ordered, Adjudged and Decreed that the parties
complainant and respondents are co-terminous owners of land in
Section Two (2) in Township One (1) South of Range Three (3) East
in Baldwin County, Alabama; that the complainant is the owner of
that part of said section described as the East Half of the North-
west Quarter and the Northeast Quarter of the Southwest Quarter of
said section; that the respondent R. S. Stewart is the owner of the
Northwest Quarter of the Northeast Quarter and the North Half of the
Northwest Quarter of the Southeast Quarter ^{of said section}; that the respondent W.
C. Stewart owns the South Half of the Northwest Quarter of the
Southeast Quarter of the said section and that the respondents
Aaron A. Lowenstein, Sidney Lowenstein and Thomas J. Taylor, part-
ners, doing business as Taylor, Lowenstein and Company, a co-part-
nership, are owners of the Southwest Quarter of the Northeast Quart-
er of the said section, and that the property lines between the
property of the said complainant and each of the said respondents

It is further ordered, adjudged and decreed, that it is to the interest of the parties that the boundary lines of the lands respectively owned by them in the said section be definitely located and fixed and that a survey definitely fixing the boundary lines of the said section Two (2), the section corners and the lines between the property herein described will definitely locate the respective portions of said section owned by each of the parties, and that the Court direct a competent surveyor or surveyors to establish permanent stone or iron land marks in accordance with this judgment and make a report to the Court accurately describing the land marks and the boundaries so established and erected and defining their location as nearly as practicable.

And it appearing to the Court that D. F. Albin and Joe Smith of Baldwin County, Alabama, are competent civil engineers, it is therefore ordered, adjudged and decreed that the said D. F. Albin and Joe Smith be and they are hereby appointed surveyors to establish the lines and erect the land marks to the property herein described; that they survey the said land with all convenient dispatch and make their report to this Court within a reasonable time and as soon as possible, and that in said report they accurately describe the land marks and property lines so erected and defined as nearly as practicable.

We, the undersigned J. B. Smith and D. F. Albin, being the surveyors appointed in the decree in the above entitled cause dated July 8, 1931, to locate and establish the boundary lines separating the property owned by the Complainant, C. R. Sims and the land owned by the respective Respondents in Section 2 in Township 1 South of Range 3 East in Baldwin County, Alabama, which said disputed line is the line separating the Northeast Quarter and the Northwest Quarter of the said Section and the line separating the Northwest Quarter of the Southeast Quarter and the Northeast Quarter of the Southwest Quarter of the said section; submit the following report:

In making the said survey and establishing the said lines and corners, we commenced at the West line of the said Section 2 and proceeded to establish the Northwest and the Southwest Corners thereof by proof from the stumps of the original Bearing Trees as described in the Field Notes of the original United States Land Survey.

We then proceeded to the East line of the said Section and made diligent search for proof of the original Northeast Corner and the Southeast Corner of the said Section, but were unable to find these corners, the original Bearing Trees having disappeared.

We then proceeded to establish the Northeast Corner and the Southeast Corner of the said Section by running from the proven Corners at the Northwest and the Southwest Corners of the said Section and having due regard for the original Field Notes existing monuments and other evidences having weight and bearing on such work.

Having established the four Corners of the Section, we then proceeded to run the proper section lines connecting them. After running the proper section lines, the same were correctly blazed out and all regular subdivision and property corners pertinent to this survey were established on them.

We then proceeded to divide the section into quarters by running straight lines North and South and East and West, connecting the middle points of each side. In like manner we subdivided each Quarter section into Quarters in such a manner as to establish a corner and set a monument at the corner of each regular forty (40) acre tract, and also at the corners of all other property as shown by the attached map.

In making the said survey, we paid particular attention to the North and South center line of the said section, a part of which is the line which is in dispute. We blazed out this line and set permanent iron monuments at each subdivision corner, witnessing the same by Bearing Trees where-ever possible.

Attached to this report and made a part hereof is a map of the said Section 2 on which is shown all land lines and property lines, the names of all owners, description of corners, natural features, length of all lines surveyed and all data resulting from this survey.

We certify that this work has been carefully and accurately performed to the best of our ability and that all figures, dimensions

and other data on the said map are correct.

Respectfully submitted.

I have lived near Rabon, Alabama, at various periods, for more than three years, and am acquainted with and know of the East Half of the Northwest Quarter and the Northeast Quarter of the Southwest Quarter of Section 2, Township 1 South, of Range 3 East, in Baldwin County, Alabama, which is owned by C. During the last three years the East boundary line of the said property has been disputed. During this three years I know that C. R. Sims has offered to have the said disputed boundary lines surveyed at his own expense and without cost to the said Stewarts, provided they would agree to be bound thereby, this offer being made to both of the said parties about four years ago. For the last three years C. R. Sims has been unable to fully use the property owned by him near the said disputed boundary line, because of interference on the part of the said R. S. Stewart and W. C. Stewart. I know of my own personal knowledge that within the last three years one proved survey^{has} been made of the said property, and that the said Stewarts have not agreed to accept the line as thus established.

IN THE CIRCUIT COURT OF

NO. _____
IN EQUITY.

Now comes the defendants, Thomas J. Taylor, Aaron A. Lowenstein and Sidney Lowenstein, individually and as partners doing business under the firm name and style of Taylor, Lowenstein & Company, and for their several and separate answer to the bill of complaint in the above styled cause, or so much thereof as they are advised it is material for them to answer, say:

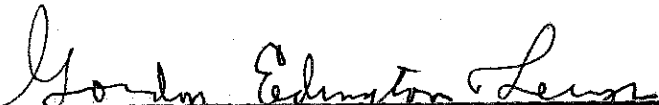

1. They admit all of the allegations of Paragraph First.

2. They do not know whether it is true that complainant owns the land in said bill of complaint alleged to be owned by him, but they claim no right, title or interest in the lands so alleged to be owned by the complainant, and therefore waive proof that title to said lands is now in the complainant. They admit that they own the Southwest Quarter of the Northeast Quarter of said Section Two, Township One South of Range One East in Baldwin County, Alabama, having acquired the title thereto at two separate foreclosure sales had on the 17th day of October, 1928, one of which sales was made under the power contained in that certain deed of trust executed, towit, January 6th, 1916, by S. S. Stewart and Mary E. Stewart to Hiram C. Taylor, as Trustee, and the other under power contained in that certain deed of trust executed, towit, March 14, 1917, by Mary L. Stewart, J. W. Stewart, Mattie Stewart, R. S. Stewart and Annie Eliza Stewart to the said Hiram C.

Taylor, Trustee. They admit that the time in which the grantors named in the said deeds of trust have to exercise their statutory right of redemption has not yet expired.

They do not know, and therefore neither admit nor deny that other parties defendant are disputing the boundary line between the properties in the bill of complaint described, but they claim only the Southwest Quarter of the Northeast Quarter of said Section and aver that they do not claim any right, title or interest in any of the lands claimed by the complainant or in any other lands in said bill of complaint described that lie West of the West boundary line of said Southwest Quarter of the Northeast Quarter, but they have no objection whatsoever to having the line dividing their property from that claimed by the complainant surveyed and properly marked, and they hereby submit themselves to the jurisdiction of this Honorable Court and consent to the doing of any and all things the Court may deem necessary or proper to protect or establish the rights, legal and equitable of any and all interested parties.

Wherefore, having fully answered said bill of complaint as by the foot note thereunder written they are required to do, they respectfully pray that they be dismissed with their reasonable costs in this behalf most wrongfully expended.
