COY MIXON,
Respondent.

IN THE CIRCUIT COURT-EQUITY SIDE.
STATE OF ALABAMA.
BALDWIN COUNTY.

TESTIMONY OF COMPLAINANT'S WITNESSES TAKEN ORALLY
BEFORE T. W. RICHMOND, REGISTER, ON JUNE 11, 1930,
UNDER AGREEMENT BETWEEN RESPECTIVE COUNSEL FOR
PARTIES.

MARTHA MIXON, the complainant and a witness for complainant, being duly sworn, testified as follows:

My name is Martha Mixon and I am the complainant in this cause. I am at this time and was on the day of the filing of the original Bill of Complaint in this cause over the age of twenty years and a bona fide resident of Baldwin County, Alabama, residing at or near Bromley. I am the mother of the respondent, Coy Mixon.

Coy Mixon is a man over twenty-one years of age, being thirty-seven years old, and a resident of Baldwin County, Alabama. He lives with me on my farm near Bromley.

Coy Mixon has no estate other than compensation which is paid to him as a World War Veteran by and through the United States Veterans Bureau, and this consists of monthly installments of Eighty Dollars (\$80.00).

Coy Mixon is unmarried and is now and has been for many years physically incapacitated from performing any manual labor and on account of having no special training in any trade, business or line of work, has been for many years and is now unable to earn his own livelihood.

Coy Mixon has been for many years addicted to the use of whiskey. This has continued ever since he was a young man seventeen or eighteen years old and perhaps even before then. He has spent all of that time, except for about three years that he was in the army, has always lived with me in our home and I have been able

and did observe him every day and have a personal and intimate knowledge of him, his habits, failings and characteristics. He cannot resist using whiskey whenever and wherever it is available. He is naturally of a generous nature, and when drinking at all, and most especially when drinking heavily, he loses all regard for values and gives away his money or other things that he might have.

During all of this period that he has resided with us, he has at no time followed any regular line of work, and since his father and I during his father's lifetime, and I since his father's death, have been able and willing to provide for him, he has paid no board, nor has he been called upon to supply himself with any of the necessities of life. He has never had to, and as above stated has never earned his living or any part thereof.

In connection with Coy Nixon's ability to earn his livelihood, in addition to his lack of qualifications as above stated, he did not complete his High School education, being of a disposition that rebelled at going to school and he was not forced to do so.

On account of Coy Nixon's use of liquor and the sprees that he gets on from time to time, he is involved in troubles which often result in his arrest and in connection therewith he is compelled to and does call upon the different members of his family to assist him. I have personal knowledge that this has occurred on a number of occasions.

Although Coy Nixon is not what you would call a habitual drinker to my knowledge, he drinks whenever it is available to him, and then drinks to excess. During all of the time that he has been receiving this Eighty Dollars (\$80.00) compensation from the Government, it has been his practice to get on a spree and in the course of two or three or maybe four days his money is entirely gone and he has nothing to show for it and comes home absolutely penniless. This has happened every time. I cannot remember a single exception. I do not know what he does with his money, but I do know that it is squandered and wasted, for he gets no good from it and has absolutely nothing left.

By reason of his intemperance in the use of whiskeys, he is absolutely reduced to want and would be in poverty and need except that I and the other members of his family have been able and willing to and have of course given him places to stay and the necessities of life.

From the above, basing my statement upon my intimate and personal knowledge of Coy Nixon and his intemperance, I filed the Bill of Complaint in this cause for the purpose of preserving his estate consisting of the Eighty Dollars (\$80.00) per month from further waste and to the end that he himself receive the benefits of such moneys, and it is absolutely necessary, in my opinion, that some safeguards be placed around this money through a Trustee or otherwise if he is to receive the benefit of it, and if such is not done, he will continue to be in want, and should his relative who now supply him with a home and the necessities for any reason fail or refuse to do so, he would be in poverty.

ORPAH HALL, a witness for Complainant, being duly sworn testified as follows:

My name is Orpah Hall. I am the wife of O. C. Hall and reside at Bay Minette, Alabama. I am a daughter of Martha Mixon the complainant, and a sister of Coy Mixon, the respondent in this cause.

I know that Martha Mixon was on April 19, 1930, over the age of twenty-one years, a bona fide resident of Baldwin County, Alabama, residing at or near Bromley, and that she is the mother of the respondent, Coy Mixon.

Coy Mixon is over the age of twenty-one years, being thirty-seven years old, a resident of Baldwin County, Alabama, residing with his mother at or near Bromley. He receives each month from the Government Eighty Dollars (\$80.00) through the Veterans Bureau by way of compensation as a World War Veteran. He is now and has been for many years physically incapacitated from performing any manual labor, and by reason of lack of training and education, is not equipped or qualified to otherwise earn his livelihood. During his entire life he has lived with his parents, who have furnished him a home and all of the necessities of life, and he has at no time earned his living or any part thereof.

Coy Mixon drinks heavily, drinking whenever he can get it. He receives his check through the United States Post Office at Bay Minette, the town where I live, and I have personal knowledge that the Eighty Dollars (\$80.00) received by him each month does not last him over three or four days, for during that time it is by him and his associates absolutely wasted and squandered and Coy winds up with nothing to show for his money and with absolute no money left. I have personal knowledge that certain of his associates are always waiting around the first of the month when his check is due, and that he stays with them and they stay with him for the two or three or four days, as the case may be, that it takes him or them to spend or get rid of his money. Then he comes home showing the effects of having been drinking heavily and with

all of his money gone.

I have during the last several months, and with the of trying to remedy the above state of affairs, made efforts to secure his check for him or to be present when he secured it, to see that he would get the benefit of it through the purchase of clothes and other necessities, for much of his time when in Bay Minette he spends at our home where he is free to come and go and do as he pleases, and I have had occasion to and have gained personal knowledge of his needs from time to time and of his absolute failure to supply them. Although I was able to persuade him to purchase clothes out of one check, beyond this I have been unable to do anything which would cause him to receive the benefit of money.

I certainly do say that Coy is intemperate in his habits in connection with the use of whiskey, and that by reason of this and of his natural generous nature, his money is squandered and wasted and he receives absolutely no benefit therefrom, for he finds himself, after the monthly spree, without money and without things that he needs or forced to call upon members of the family for the same.

I have intimate and personal knowledge of Coy and of all of the matters and facts herein covered, and know that unless his money is protected and is prevented from further wasting and squandering it, that he will continue to be in want, and so far as his own estate and earning ability is concerned in poverty. Of course, as above stated, I and the other members of the family have been glad to have him in our homes from time to time, and he has been supplied with the necessities of life.
