We CHARGE Your account (as per rules governing checking accounts)

To take care of the general expense in handling your account as per explanation below:

Amount \$1.00

For furnishing checks, entering credits, making charges through the books and ledgers, writing up the statements, cancelling and filing checks, and returning vouchers, particularly when balances run close and in very moderate amounts, it will be necessary for us to make a service charge as above per month to absorb a portion of this expense.

This charge will not be made when an average balance of \$100.00 is maintained or when not more than three checks are charged against the account during the month. This period to be figured from the 26th of one month through the 25th of the following month.
