COMPLAINT

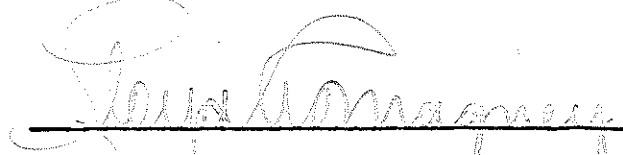

The Plaintiff claims of the Defendants the sum of ONE THOUSAND & 00/100 (\$1,000.00) DOLLARS as damages for that heretofore on, to-wit: The first day of October, 1938, the Defendants were engaged in grading and repairing a certain public highway in Baldwin County, Alabama, known as the Robertsedale-Fairhope Highway and on the night of said October 1st, 1938, the employees, agents or servants of the Defendants, whose names are unknown to

the Plaintiff, but while acting within the line and scope of their employment, the said employees, agents or servants of the Defendants carelessly and negligently did the following things:

Parked an automobile truck upon the South part of said public highway, headed east, with its headlights burning brightly and undimmed; blocked and obstructed the center part of said highway by placing thereon parts of trees, brush and other obstructions, so that automobiles could not travel upon said center part of said highway; placed upon the North part of said highway and in the part thereof on which automobiles travelling West upon said highway would travel, a large automobile truck with a large water tank thereon, which was used for the purpose of sprinkling said highway and had no proper tail light or warning light upon said tank truck.

That Plaintiff was riding as a passenger in an automobile driven by one F. E. Nellis and had no control over the operation of said automobile which was being driven along said highway to the West, towards Fairhope, Alabama, and that because of the carelessness and negligence of the of the employees, agents and servants of the Defendants in parking said truck with its headlights undimmed towards the East, the said F. E. Nellis was blinded by said headlights as he approached the same and was unable to see the water tank of the Defendants until he was so close to the same as to be unable to stop his car and because of the obstruction to the center of the highway, was unable to turn his automobile so as to avoid said truck and, as a consequence, drove said automobile into and against said water tank truck of the Defendants, injuring Plaintiff severely by the impact between said automobile and said tank truck and Plaintiff avers that she sustained two broken ribs, one fractured rib, a severe shock and numerous bruises and contusions by which she was made sick, sore and lame and was obliged to spend large sums of money for doctor's services to treat her said injuries and was made to suffer severe physical pain, all to her damage as aforesaid.

Plaintiff avers that her injuries were proximately caused by reason of and as a proximate consequence of the negligence of the agents, servants or employees of the Defendants while acting in the line of their duty and scope of their authority, in that said agents, servants or employees negligence blinded said F. E. Nellis and blocked said highway as aforesaid.
