BALDWIN COUNTY, ALABAMA  
AT LAW.

HENRY HADLEY,  
Plaintiff,  
vs.  
L. & N. RAILROAD COMPANY,  
A Corporation,  
Defendant.

Comes the Defendant in the above styled cause and demurs to the amended Complaint filed in said cause on February 29, 1952, and to each and every count thereof, separately and severally and assigns the following separate and several grounds, viz:

1. That said amended complaint does not state a cause of action.
2. That said amended complaint is vague and indefinite.
3. That it does not appear whether the accident occurred in the day time or at night.
4. That the time that said accident occurred is not sufficiently set out.
5. That the allegation in count 1 of the amended Complaint that the accident occurred at a cow-crossing, is but a conclusion of the pleader.
6. That it is not affirmatively shown that the place where the accident occurred had been officially set apart for a cow-crossing.
7. For aught that appears the accident did not occur at a street crossing.
8. That the allegation that such accident occurred at or near Perdido is vague and indefinite and does not sufficiently inform the Defendant where it is alleged that such accident occurred.
9. For aught that appears in count 1 of the amended complaint the accident did not occur in Baldwin County, Alabama.
10. That sufficient jurisdictional facts are not alleged in said amended complaint.
11. That it is not alleged in count 1 of the complaint that the agents, servants or employees of the Defendant were acting within the line and scope of their employment.

12. That it is not sufficiently alleged which one of Defendant's trains ran into, over or against said cow.

13. That said amended complaint does not allege a duty owing by the Defendant to the Plaintiff.

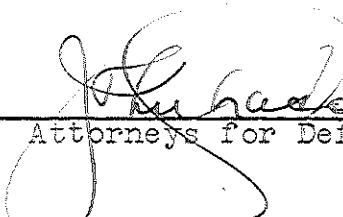

14. For aught that appears from said complaint the cow of the Plaintiff had no right to be on the track of the Defendant at the time and place the accident occurred.

15. That count 2 of the amended complaint does not sufficiently set out the time or place that the accident occurred.

16. That count 2 of said amended complaint does not allege that the defendant's agents or servants were acting within the line and scope of their employment as agents or servants of the Defendant.

17. That count 2 of said amended complaint does not sufficiently set out what train of the Defendant ran into, over or against said cow.
