Come now A. K. Easley, A. T. Easley and M. T. Easley, by their attorneys, and object to the condemnation procedure heretofore instituted and filed against them as the owners of certain lands situated in the Northwest Quarter of the Northeast Quarter and the Northeast Quarter of the Northwest Quarter of Section Eleven, Township Two South, Range Three East and assign the following separate and several grounds in support thereof:

(1) That Baldwin County, Alabama, has no right to institute this said proceeding.

(2) That it affirmatively appears from the petition of said County that it does not have the right to condemn any portion of the property described above.

(3) That Baldwin County, Alabama, is not vested with the right of eminent domain for the purposes stated in the petition.

(4) That the right of eminent domain heretofore delegated by the State of Alabama to Baldwin County, Alabama has been revoked and withdrawn by the Legislature of the State of Alabama for the purposes alleged in the petition filed in this cause.

(5) That Baldwin County, Alabama is not vested with the right of eminent domain for the purpose of securing property for United States Highways.

(6) That Baldwin County, Alabama is not vested with the right of eminent domain for securing property for Highways for the State of Alabama.

(7) That the allegations of the petition that "Baldwin County, Alabama, is charged with the duty of providing rights-of-way for roads constructed within said County;" is but a conclusion of the Petitioner.

(8) That it affirmatively appears that the right-of-way sought to be condemned is not for a county road.

(9) That under the provisions of the Acts of Alabama, 1951, page 374, Section 2 (d), approved June 29, 1951, the Legislature of the State of Alabama limited the exercises of the right of eminent domain for Baldwin County, Alabama, and the governing body thereof, for the purpose of establishing and changing county roads and it affirmatively appears from the allegations of the petition filed in this procedure that the land is sought to be condemned as a right-of-way for a United States Highway.

(10) That the description of the property sought to be condemned is vague, indefinite and uncertain.

(11) That the description of the property sought to be condemned is void because of uncertainty.

Respectively submitted,
